

New Toyo Sustainability Bulletin

Opening Message

Welcome to the Q2 New Toyo Sustainability Bulletin.

In this issue, we highlight the importance of CDP and EcoVadis, latest on our SBTi journey, key customer updates and what is coming in the future.

Together, let's shape a more sustainable tomorrow

CDP what is it?

CDP is a global organisation that helps companies disclose their environmental impact annually.

Why does it matter?

By reporting through CDP it shows we are serious about:

- Tackling **climate change**
- Protecting **water resources**
- Preventing **deforestation**

What does CDP do?

- Platform to disclose environmental data
- Scores organisation (A to D-)

Why we participate?

- **Key customer** request
- **Track progress** against sustainability targets

EcoVadis what is it?

EcoVadis is a global platform which assesses companies on **sustainability and corporate social responsibility**.

What EcoVadis Evaluates:

Companies are scored (0-100) across **4 themes**:

- **Environment**
- **Labour & Human Rights**
- **Ethics**
- **Sustainable Procurement**

What's the Outcome?

Companies receive a **medal (Platinum, Gold, Silver, Bronze)** based on their score.

Why it is important?

- Key customers require it
- Demonstrates commitment to responsible practices
- Drives improvement

ecovadis

Customer Update

All major customers have clear sustainability expectations:

	PMI	BAT	JTI
SBTi	✓	✓	✓
CDP	✓	✓	✓
EcoVadis	✓	✓	✓
PCF	✓	✓	✓
Emissions Roadmap	✓	✓	✓
Renewable Energy	✓	✓	✓

SBTi journey

The **Science Based Targets initiative** is a 5 step process:

1. **Commitment** – Submit letter of intent.
2. **Target Development** – Develop emissions reduction targets in line with SBTi criteria
3. **Target Submission** for validation
4. **Target Validation** by SBTi
5. **Disclosure and Reporting**

NEW TOYO has committed & is developing targets.

What is on the horizon?

1. PCF – Product Carbon Footprint
2. CDP submission
3. KPI target setting by unit
4. Solar panels in Dubai
5. Energy monitoring PBC
6. Supplier engagement on their emission roadmaps
7. Compliance with ISSB standards
